I had an EGGciting adventure with 4-H Embryology in the Classroom...
Now what else can I do with 4-H?

4-H Clubs

As a 4-H Club member, you have the opportunity to meet new people, make new friends, learn about projects, and participate in Club trips and activities, and more. Each Club is unique, as YOU determine the focus of your own 4-H Club.

Harnett County 4-H has a variety of Clubs that meet all throughout the County.

You don't have to join a club to be in 4-H, but it is the most popular way to participate. Clubs generally meet once a month. During meetings you learn how to accomplish the goals of your projects, how to run a business meeting, and how to do demonstrations about your projects. The clubs may plan recreational activities, community service projects, fundraisers and field trips.

4-H Special Interest

Often time’s 4-H members will identify a subject or project area that is of special interest to them such as sewing, livestock judging or environmental issues and much more. Special programs are then created filled with fun learning opportunities that youth can participate in for several meetings, weeks or months until project goals are met. Youth involved in special interest projects often receive awards, go on trips, or even earn scholarships to attend college.
