or call Matt Jones (910) 814-6024

Join Harnett County Cooperative Extension and the Extension Master Gardener Volunteers of Harnett County for a free fall vegetable gardening workshop.

The workshop will include a review of basic vegetable gardening methods, provide an in-depth look at how to grow fall and winter-harvested crops, and introduce season-extension techniques. A hands-on planting demonstration in the Extension Master Gardener Volunteer vegetable demonstration garden will follow the lecture.
